

## USS Logistics Shakes Up Small Parcel and Freight Markets With New Combination Of Technology And Service Offerings

*USS Logistics redefines small parcel and freight shipping with its state-of-the-art shipping software platform and opens the floodgates for ambitious entrepreneurs.*

**Online PR News – 07-February-2010** Salt Lake City, UT, February 8, 2010 – USS Logistics, a **transportation** sales and technology company based in Salt Lake City, is proud to announce two key parts of its updated 2010 expansion plans. First, USS is proud to launch its new website, [www.usslogistics.com](http://www.usslogistics.com), which features a built-in, web based, state-of-the-art rating and shipping software. Second, USS is creating openings for over 65 Independent Sales Agents nationwide. EVP of Sales and Marketing, Robert Ross, says, "We are looking for professionals that possess sales skills, ambition, and an entrepreneurial spirit. Our business offers uncapped residual income, low startup cost, and no bad debt risk." "Also, we are one of the few companies that offer a full suite of both **small parcel** and **freight** shipping services. We feel these factors make our business model extremely compelling."

USS has built its reputation in transportation sales expertise by selling both small parcel and freight shipping services for over 60 transportation carrier partners since 2002. The company attracts customers through its 24-hour customer service, easy to use online software, and volume discounted pricing. USS's entrepreneurial drive earned them the #1 spot in Entrepreneur Magazine's 'Best in Class' ranking in 2007 and admission to the Inc 5000 ranking in 2009. Sanjit Singh, VP of Sales and Business Development, adds, "We are fortunate to be in a business with built-in diversification; we have customers in a wide variety of different industries. We are growing by gaining market share, but the easing of the recession obviously helps us as well. We are at a very exciting time in our company's growth and expansion."
