

The February 2010 Rankings of the Best Web Design Firms Have Been Recognized by topseos.com

topseos.com, the independent authority on search vendors, has released the February 2010 rankings of the best web design companies. These firms were put through an extensive evaluation process by an experienced research team in order to find the best.

Online PR News – 09-February-2010 Plymouth, IN -- The independent authority on search vendors, topseos.com, released the February 2010 rankings of the [best web design](#) firms. To be recognized each of the [web design firms](#) was put through an extensive evaluation process. Once the evaluations were complete, the information was compiled, and a list of the best was released.

The design of a website is intricately intertwined with not only its appearance but also its effectiveness. Web design has a lot to do with making the website efficient and convenient to use without losing the visual appeal of it. A [top web design](#) firm needs to keep this in mind and should be able to balance the art of functionality and appearance without getting carried away by either.

The best web design firms for February 2010 are:

Do your pages pass W3C standards?

1. MindSmack.com
2. 352 Media Group
3. Crea7ive Web Design
4. 2advanced.com
5. POP Interactive
6. DeepBlue
7. Studio 7 Designs
8. Oxygen Productions
9. lifeBLUE Media
10. Blue Fountain Media

The evaluation process that each company endures is completed by our experienced research team. They review every aspect of how the vendor conducts business to ensure high quality standards. To go one step farther topseos.com then contacts the clients of each firm to ask questions such as, "What form of planning and strategy was undertaken by the agency before they started on your project?", "Do your pages pass W3C standards?", and "How long did it take the agency to craft out your design? For how many pages?"
