The top social media optimization agencies have been announced by topseos.com.au for February 2010. These social media firms have helped to increase the reach of their clients through the use of social networks such as Facebook and Twitter.

Online PR News – 18-February-2010 Plymouth, IN – topseos.com.au, the independent authority on search vendors, has released the February 2010 rankings of the best [social media optimization](#) firms. The agencies on this list were put through an extensive evaluation process by an experienced research team. After the evaluations were complete the information was compiled and the best were ranked.

The internet has always been a great place for people to come together and that is precisely the feature of the net that social media optimization takes advantage of. Though SEO remains one of the main ways in which websites can make their presence felt, SMO has also proven to be a great way to increase visibility. A good [social media optimization company](#) is one that gives you results in terms of visibility and understands the various techniques that go into making your brand name more accessible to net browsers.

The best social media optimization companies are:

How were your SMO tactics chosen?

1. Mitash – Results Driven Interactive Agency
2. Flexsin Technologies (P) Limited
3. Arrow Internet Pty Ltd
4. E-Web Marketing Pty Ltd
5. Webgenies
6. Omweda
7. Brain Stream Australia Pty. Ltd
8. Solid Radicle
9. SMO Technology
10. SEORank

The evaluation process that each company endures is completed by our experienced research team. They review every aspect of how the vendor conducts business to ensure high quality standards. To go one step farther topseos.com then contacts the clients of each firm to ask questions such as, "What analysis went into your website before the decision to implement social media optimization techniques to your website was determined?", " How were your SMO tactics chosen? ", and " What has been the impact to your conversion rates from the implementation of SMO techniques? "
