

HIFU for Prostate Health Seminar by Urology Expert Dr. Michael Wolff

Image Gallery

Dr. Wolff discusses the latest treatment options surrounding prostate cancer disease at Alamance Regional Medical Center.

Online PR News – 09-March-2010 Burlington NC - Dr. Michael Wolff of Burlington Urological Associates will be speaking March 11th at the Grand Oaks Center at the Alamance Regional Campus. The topic for discussion will revolve around 'Prostate Health' and the latest treatment technologies available to patients, such as [HIFU](#).

Dr. Wolff has also established HIFUdr.com which helps patients understand the technology and how it could potentially alter your post treatment lifestyle for the better. Patients that are interested in HIFU can simply download a more detailed brochure directly from his site.

Patients who are interested in the free seminar should call 336-310-9874 for more information. The seminar and consultations will be held on March 11 at the Grand Oaks Center, 1238 Huffman Mill Road, Burlington, NC 27215.

About Dr. Michael Wolff

Dr. Michael Wolff received his undergraduate degree in Biology and Chemistry from Indiana University in Bloomington, Indiana. He attended medical school at The Indiana University School of Medicine, receiving his M.D. in 1983.

Dr. Wolff performed his Surgical Internship and Surgical Residency at the University of Tennessee Medical Center in Memphis. He also performed his Urology Residency there and was the Chief Urology Resident from 1987-1988. He is also board-certified in urology.
