Daimer KleenJet Supreme 3000CVGP

Daimer®'s KleenJet® Supreme 3000CVGP offers gum cleaning power, plus a germ killing subsystem.

Online PR News – 09-March-2010 WOBURN, MA U.S.A. – March 9, 2010 - Daimer Industries, Inc.®, a globally-know supplier of [gum cleaner](#) machines for the educational market, announced availability of the KleenJet® Supreme 3000CVGP, a high-powered steam cleaner with an anti-bacterial subsystem and gum cleaner unit designed for use in large colleges and schools.

"Each 3000CVGP gum cleaner machine is packed with extras for the most demanding educational customers," explained www.daimer.com spokesman Matthew Baratta. "The steam cleaners include certified sanitizing technology, high-speed gum removal, high temperatures and pressure, plus large capacity chambers for water and extraction."

High Performance Gum Cleaner

Daimer®'s 3000CVGP is a high performance steam cleaner offering as much as 96 psi pressure and 329° of steam heat. The gum cleaner machine has 9 liters of total water capacity and a 14 liter extraction chamber.

The machine includes two subsystems: One provides the company's proprietary ATIS® certified germ-killing technology and the other provides GUM-EXTERMINATOR® gum cleaner capabilities.

ATIS® is an ion-based architecture that has killed over 99 percent of the harmful germs in nationally-supervised laboratory tests. HEPA allergen removal and filtering is also included in the 3000CVGP and dust mites during vacuuming.

GUM-EXTERMINATOR® is a high-speed design that can remove up to 500 gum wads per hour. The technology consists of a stainless steel brush, high steam squeegee, and concentrated gum wad solvent.
