**Online PR News – 11-March-2010** Plymouth, IN -- The independent authority on search vendors, topseos.com, has ranked the [best web site development](#) firms for March 2010. The companies on this list were found to be the best in the industry when it comes to web development. Thousands of applicants were filtered through until the top [web development specialist](#) was found.

Web development is one of the most important aspects of a web site. This allows for effective communication between the user interface and the database creating a dynamic aspect of the site. Development work is necessary to provide complex functionalities to a site. The firms on this list were found to be the top in the industry when it came to web development.

The top web development firms for March 2010 are:

---

### How much time in % was spent on quality assurance in the project lifecycle? How much of your personal involvement was required in this process?

---

1. Hudson Horizons
2. Direct Hit Solutions, Inc.
3. Net@Work
4. 2advanced.com
5. DeepBlue
6. RustyBrick Inc.
7. Bridgeline Software Inc.
8. Red Clay Interactive
9. Live Oak 360
10. Venveo

Thousands of applicants were reviewed by a specialized team of analysts seeking to find the best in the industry. They assessed the methodologies of each firm and reviewed the past work of the client. They then contacted at least three clients of each firm to ask questions such as, "What content management system, MVC frameworks, standards were considered prior to coding?", "How much time in % was spent on quality assurance in the project lifecycle? How much of your personal involvement was required in this process?", and "What SEO components were recognized and chosen for consideration in development?"
