“Secure Vantage Technologies, Inc announces Duncan McAlynn has been appointed to the newly created position of Director of Partner Alliances.”

Houston, TX - Mar 5, 2010 : To further expand its presence and strengthen its channel sales and delivery model, Secure Vantage Technologies, Inc. today announced that Duncan McAlynn has been appointed to the newly created position of Director of Partner Alliances.

This is a year of expansion and growth for SVT. Duncan’s experience, expertise and network are key in achieving our ambitious goals.

In his new position, Mr. McAlynn will be responsible for developing the partner alliance strategy and ensuring growth in domestic and international channel sales. This will include building out the company's new partner program, delivering partner-centric technical and sales training, and having in-depth community engagement.

Mr. McAlynn has more than 15 years experience in Microsoft consulting. His career began in the financial sector before transitioning into the Microsoft Gold Certified Partner practices. Most recently Mr. McAlynn worked with partners in the United States and Europe. He has experience consulting at Fortune 500 corporations, investment banks, technology start-ups and various state and federal government agencies throughout the world.

Mr. McAlynn brings strong entrepreneurial skills to his new role and in particular brings a wealth of technical competency and industry relationships to the company.

"This is a year of expansion and growth for SVT. Duncan’s experience, expertise and network are key in achieving our ambitious goals.", said Kim Evens, CEO of Secure Vantage Technologies, Inc. Martin Sajkowski, Vice-President of Worldwide Sales and Market, furthers those remarks by stating “SVT recognizes the importance of our channel partners. Being represented by some best Microsoft partners in the world requires leadership and empowerment. Duncan McAlynn is the man for the job.”

Mr. McAlynn is a 6-time Microsoft Most Valuable Professional award recipient and contributing editor to several books, magazine publications, and websites as well as a popular presenter at many Microsoft events. Mr. McAlynn attended university in Nashville, Tennessee.

About Secure Vantage Technologies, Inc.:

Founded in 2005, Secure Vantage Technologies (SVT) is the leading provider of Security and Compliance Auditing solutions for Microsoft System Center. SVT enables customers to simplify, automate and optimize their auditing processes for Windows applications reducing the time and cost of security and compliance audits.
