

Pringle's Lakes of Mount Dora Named Among Nation's Top 100 communities

Image Gallery

Adding further acclaim to its already impressive reputation, The Lakes of Mount Dora- a central Florida active adult community- has been named among 'America's 100 Best Master-Planned Communities' by Where to Retire magazine.

Online PR News – 12-March-2010 Adding further acclaim to its already impressive reputation, The [Lakes of Mount Dora](#) - a central Florida active adult community- has been named among 'America's 100 Best Master-Planned Communities' by Where to Retire magazine. Combining Southern hospitality with small town charm, [Pringle Homebuilding Group](#)'s flagship [Florida Retirement Community](#) was developed with a special vision in mind – to create a unique place where people can live in a central Florida waterfront home with classic Florida architecture near one of the most impressive small towns in the country. Most custom home sites are waterfront or water view, and available to suit a wide variety of home designs.

This premier community is planned for 950 single-family homes in four phases. Uniquely, it has been designed to provide waterfront access or water views to over 75% of the residents. The Lakes of Mount Dora is fully gated, and features Florida ecologically friendly landscaping- another Pringle exclusive. "We are extremely proud to have The Lakes of Mount Dora recognized by Where to Retire as one of the nation's top communities", said Pringle's President, Steve Nordstrom. "A lot of hard work and planning was done to ensure this community would be truly special".

And truly special it is. Within The Lakes of Mount Dora, a 178 acre man-made chain of lakes offers the added enjoyment of canoeing, sailing or paddle boating. The community's centerpiece is the magnificent 18,000 square-foot Island Clubhouse. Located upon a large peninsula, the clubhouse is nearly fully surrounded by water. It includes a 6,000 square foot Great Hall and banquet facility, library, billiard room, card room, a computer and business center, and a state of the art fitness room. The clubhouse complex also includes a beautiful recreational pool, a lap pool and sun deck, as well as a 'fitness trail' along the Island Clubhouse waterfront.

The nearby town of Mount Dora is nationally known for its charming waterfront ambience and gracious lifestyle including dozens of specialty retailers, year-round festivals and events, and historic architecture.

Recently recognized among the nation's top historic small towns by Money Magazine, Mount Dora is also listed as one of America's Top 1000 places to visit.

The community's exclusive builder, Pringle Homebuilding Group, enjoys a reputation as being among the region's top builders. The name Pringle is synonymous in Central Florida with beautiful residential developments, quality custom homes and responsible stewardship of the environment.

Pringle's dedication to these principles is evident in the numerous awards and accolades bestowed over the years, including the prestigious National Housing Quality Award. Uniquely, Pringle offers its clients true custom design and construction services at surprisingly affordable prices. Whether starting from one of Pringle's award-winning designs or from the clients' own unique vision, every home is designed to the specifications and needs of the customer. From beautiful entertainment areas and special-purpose rooms to the smallest detail of décor, the expert designers at Pringle guide the client each step of the way.
