Imagebase LLC, a South Florida web design company is setting itself apart from the competition by offering a full-range of high quality creative services and consultations aimed specifically at small to medium sized businesses.

Online PR News – 13-March-2010 Imagebase LLC, a [South Florida Web Design](#) company is setting itself apart from the competition by offering a full-range of high quality creative services and consultations aimed specifically at small to medium sized businesses. Offerings include web [Design](#), video production, graphics/branding, SEO and marketing services.

Recognizing that many businesses lack the internal resources to develop a comprehensive creative marketing strategy and also produce the related collateral, Imagebase is intent on being a turnkey provider of creative services with a strong emphasis marketing and branding. "We're simply more comprehensive in our approach than your typical web or graphic design company," said Will Bozoki, owner and creative director of Imagebase. "Whether we are developing a website, producing a video or creating an identity package, the first step is always getting to know the clients business, their goals and challenges. This leads to strategy, design and messaging that is in-line with the clients marketing objectives. Plus, we have the resources and expertise to carry this across multiple forms of media."

Located in Weston, Imagebase is also planning on committing resources to helping local charities in their fundraising and awareness campaigns. For more information about Imagebase please call 954-530-6872.
