The best internet marketing agencies evaluated and ranked by uk.topseos.com

The March 2010 rankings of the best web development firms were released by uk.topseos.com, the independent authority on search vendors. Using the best web development company will create a dynamic user interface that will entice users to dig deeper and find out more information from the site.

Online PR News – 15-March-2010 Plymouth, IN -- uk.topseos.com, the independent authority on search vendors, has ranked the [top web development](#) firms for March 2010. Thousands of firms were scrutinized in order to find the best development firms in the United Kingdom. Every firm on the list demonstrated the best understanding of how web development can improve the conversion rates of the site.

Web development is the scripting that communicates information between the user interface and the database. While the script is directly readable by search engines, the effects of the script potentially could be. Therefore using a development firm that understands search engine optimization and the importance of the readability of the site can make a huge difference.

The [best web developers](#) in the United Kingdom are:

1. Bullseye Media
2. Red Ant
3. Cayenne Web Development Ltd.
4. Redweb
5. Strategies Group PLC
6. Tornado Digital Ltd
7. Sayu Limited
8. Headland Multimedia
9. I-COM
10. Indus Net Technologies

An assigned research team reviewed each applicant seeking to be ranked by the independent authority on search vendors. They scrutinized each firm's knowledge and understanding of web development. They then contacted at least three clients of each vendor to gain their perspective of the firm. The team asked questions such as, "What content management system, MVC frameworks, standards were considered prior to coding?", "How much time in % was spent on quality assurance in the project lifecycle? How much of your personal involvement was required in this process?", and "What SEO components were recognized and chosen for consideration in development?"
