The best internet marketing agencies evaluated and ranked by topseos.com

The independent authority on search vendors, topseos.com, announced the best hosting companies for March 2010. The firms on this list had the best statistical records for uptime and load speeds combined with an excellent service and support department.

Online PR News – 18-March-2010 Plymouth, IN- The [top hosting companies](#) have been ranked by topseos.com, the independent authority on search vendors, for March 2010. Search engine rankings can be affected by not using the best web hosting services. Consistent uptimes and load speeds are highly important aspects of web hosting. The firms on this list have demonstrated themselves to be the best.

A team of evaluators reviews each applicants request to be considered for ranking. They put each web host to the test. In addition the team contacts at least three clients of each firm in order to gain their perspective of working with the host. Clients are asked questions such as, "Did the training program tackle relevant issues?", "What was the most complex / challenging technical aspect that the training covered?", and "Were any post-training services provided? If so, for how long?"

The [best hosting companies](#) for March 2010 are:

1. FastServers.Net- Illinois
2. Rackspace LTD- Texas
3. PEER 1- California
4. AT&T Web Hosting- New York
5. DataPipe- New Jersey
6. Hosting.com- Kentucky
7. Hostway Corporation- Illinois
8. Pow Web- Massachusetts
9. Aplus.Net- Kansas
10. GoDaddy.com Inc.-Arizona

topseos.com, the independent authority on search vendors, began ranking the top [SEO company](#) and other internet marketing services in 2002. A research team was developed to identify and rank the best

companies based upon an internally created set of criteria. Soon after, topseos.com expanded to four regions throughout the world including the United Kingdom, Australia, India, and Canada. Over 50,000 visitors come to find the best internet marketing services, new, and other information every month.
