

Cylon LLC Honors Top Employees at Annual Company Block Party

Cylon LLC's best performing employees were honored today at the annual block party. Cylon LLC is an internet marketing service provider offering search engine marketing, SEO and PPC.

~~Online PR News – 02-June-2010~~ SCOTTSDALE, AZ --Cylon LLC held their annual block celebrating the continued growth of the internet marketing firm. The company also took the opportunity to recognize their top performing employees that have been a major part of the business' success over the past year.

The celebration was held on the Cylon LLC grounds in the company courtyard. The company provided food, beverages and live music for the special occasion.

We believe that a strong foundation is conducive for growth. The stronger the firm has been built internally the faster, more smoothly the external growth process will go. Any company not built on a strong foundation will eventually fail.

"We have known from the start that the success of our business depends on our employees. At Cylon LLC, we have chosen to honor them through holding this fun, annual event. Everyone looks forward to the event, and it gives us an opportunity to recognize those that made major contributions to the success of our business over the year," said Anthony Henshaw of Cylon LLC (<http://www.cylon-llc.org>).

Top performing employees received a special gift from the company and a certificate acknowledging their great contributions to the firm. This year's theme was 'Building Blocks For Success' in line with the company's focus for 2010 of growing the business through strengthening the foundation of the firm.

Henshaw noted, "We believe that a strong foundation is conducive for growth. The stronger the firm has been built internally the faster, more smoothly the external growth process will go. Any company not built on a strong foundation will eventually fail."

Cylon LLC also took the opportunity to educate employees on some of the changes in the search marketing industry. The SEO company has remained ahead of their competition through ensuring that their employees are up-to-date on the latest shifts within the industry. The company is the exclusive provider of pay per click access within the organic search results on major search engines for their clients throughout the United States. The vast majority of search users look to the organic search results to find what they are looking for. As a result Cylon LLC jumped at the opportunity to provide their clients with this type of access to such a valuable aspect of search results. Contact Cylon today to see how they can take your company to the top of search results.

About Cylon LLC:

Cylon LLC was founded in 2004 in order to provide their clients with the best search marketing services available on the market. Quickly the company identified an unparalleled form of search marketing that provided their clients with pay per click access to organic search results. The addition of that service to Cylon LLC's already successful search engine optimization and pay per click services has made the company a leading provider of internet marketing services.
