***Online PR News – 05-July-2010*** Scuba divers looking to come down to Key West Florida from the west coast of Florida can now book the famous Key West Express passenger ferry from Fort Myers Beach to Key West directly through the Florida Keys' leading center for [Key West scuba diving](#) and [Key West snorkeling](#) excursions.

The Key West Express is the only ferry company that transports hundreds of passengers daily from Fort Myers Beach to Key West Florida and back. The company has an impressive fleet of three different catamaran ferries, though they only run one ferry at a time. Currently, at the end of Key West's high season, the company's largest and most luxurious ferry is currently transporting up to 300 passengers daily.

People who reside in the southwest area of Florida who are either scuba certified or not certified but looking to experience the world of [Key West diving](#), can now get to Key West even easier. Divers and future divers can book seats on the Key West Express ferry, as well as all of their Key West diving and Key West snorkeling trips, directly through the Key West Dive Center.

The Key West Dive Center is the leading center for all kinds of Key West scuba diving and snorkeling trips. The center offers morning shipwreck trips and afternoon coral reef trips for certified divers in addition to dive-in-a-day courses, certification instruction courses, snorkeling trips, snuba diving trips, and mini-sub adventures.

"We already work with an excellent Key West accommodations center, so we figure why not take it a step further and also offer our guests transportation to Key West," explains Lindsey Williams, a reservations agent working at the Key West Dive Center.

The center works with a knowledge and helpful staff of in-house reservations agents, as well as with one of Key West's most talented teams of diving instructors. To learn more about the Key West diving excursions and packages (including accommodations) available through the Key West Dive Center, call 1-866-563-1805.
