Certified Staffing Solutions has established a national network of certified medical coders and billers available for temporary, temp-to-hire and permanent assignments.

Certified Staffing Solutions national network of certified Medical Coders & Billers gives healthcare providers access to expert billing personnel.

Online PR News – 24-August-2010 Albany (NY) — Certified Staffing Solutions announced today that it has established a network of [certified Medical Coders and Billers](#) available for temporary, temp-to-hire and permanent work. Certified Staffing Solutions has been providing temporary and permanent staffing for Information Technology and Health IT roles since 2008.

Certified Staffing Solutions network of certified Medical Coders and Billers is extensive, spanning from the east to west coasts, built up from over 2 years of recruiting for certified Medical Coders, Billers and Collectors. It has established a specialty for filling temporary, temp-to-hire and permanent hire assignments from a variety of healthcare providers. Private practices, physician groups and hospitals have utilized Certified Staffing Solutions expertise in quickly [recruit medical coding and billing talent](#) since they opened in 2008.

Certified Staffing Solutions is a boutique staffing firm serving the 48 contiguous U.S. states from their office in Upstate NY. They specialize in Health IT positions such as Medical Coders and various Information Technology roles.

“Employing certified Medical Coders and Billers has become a critical need for healthcare providers as the population continues to age and healthcare services are being rendered, billed and denied more than ever,” said Jonathan O’Brien, Owner of Certified Staffing Solutions. “By engaging temporarily or permanently a [certified coding/billing employee](#), healthcare providers have seen a large reduction in denied and lost claims to insurance companies. That means a healthier bottom line and the ability to keep the doors open at many facilities nationwide that may have closed otherwise due to the financial hardship imposed by denied or uncollected claims.”

About Certified Staffing Solutions

Founded in 2008, Certified Staffing Solutions has grown to become a specialty staffing firm for the IT and Health IT fields. With expert recruiters in each of these areas, they are able to supply temporary, temp-to-hire and direct hire staffing services on a national basis. Certified Staffing Solutions provides staffing, training and assessments to help organizations grow, train and retain their talent pool.
