***Online PR News – 01-September-2010*** WOBURN, MA, U.S.A. – September 1, 2010 – Daimer Industries® Inc., recognized globally for green chemical products, released a new [grout tile sealer](#) for indoor and outdoor surfaces. The product uses ingredient developed from food-based ingredients. Daimer®'s Eco-Green® Grout Sealer preserves grouted joints and repels dirt, stains, and grease in high-traffic applications.

“Our new grout tile sealer has been chemically designed with health, safety and effectiveness in mind,” noted hard surface spokesman at Daimer.com, Matthew Baratta. “We’re recommending the product for tile used in ceilings, flooring, counters, and walls in busy commercial and business environments.”

#### Non-Toxic Grout Tile Sealer

The new green chemical is an addition to Eco-Green®'s hard surface products line, which includes: a graffiti lifter and remover, a concrete and stone sealer, a [concrete cleaner](#) and stain eliminator, a floor stripper, and a tile and grout cleaning solution.

The new plant-based grout tile sealer has been engineered to protect the integrity of all types of tile. The product imparts a hard coating that protects sanded grout lines in interior as well as exterior stone surfaces.

The ingredients in the new grout tile sealer warrant top ratings for safety. The formulation has been scientifically verified to biodegrade completely in minimal time. All Eco-Green® products, including grout tile sealer, engendered top safety assurances in the current NFPA diamond ratings.
