

Vortex Ilc Launches New Corporate Website in Partnership with Dreaming Code

Dreaming Code announces the launch of the new corporate website for Vortex Ilc, New England's premier metal fabricated and machine products manufacturer.

Online PR News – 07-September-2010 Dreaming Code announced the launch of a new website for the New England-based sheet metal fabrication company, Vortex Ilc. The company specializes in [Wire EDM](#), [Thin Materials](#) and [Rapid Prototype Sheet Metal](#).

The new corporate site was specifically launched to showcase the company's diverse group of manufacturing services. "We chose to work with Dreaming Code based on their history of designing clean and professional corporate websites with a stylish look and feel. We are extremely pleased with the final product and the level of professionalism exhibited by the team at Dreaming Code. Additionally, their new cloud computing based content management system allows us to easily manage incoming sales leads, add content to the site, analyze C-level analytics, and do all of this in real time. Simply put, their CMS is an all-encompassing tool in itself," said Vito Martello, CEO at Vortex Ilc.

Vortex Ilc's existing clients will notice a vast improvement in the design and functionality of the website. The new site allows visitors to easily access relevant information on the company's core services. "We are extremely excited to create a new and cutting-edge website for Vortex Ilc. They are a burgeoning, innovating company and this new website should allow for continued growth in the coming years," said Akshay Vazirani, Dreaming Code.

About Vortex Ilc:

Since 1985, Vortex Ilc has been striving to deliver quality metal fabricated & machined products at a great value to our customers. Vortex Ilc, began in a small 3,000 sq. ft. space located on the 4th floor of a facility in Lynn, MA. Today, Vortex Ilc is a minority owned fully air-conditioned facility with 60,000 sq. ft. of manufacturing space located in Peabody, MA. Vortex Ilc is comprised of over 50 highly skilled, dedicated individuals with a common goal, to deliver the highest quality of sheet metal fabricated parts possible. Vortex Ilc provides its services to markets including medical devices, automotive, hybrid battery technology and other electronics & consumer product industries. The longevity of Vortex Ilc's employees has contributed to the quality products delivered to its customers over the years and has been a key fundamental to their success. Vortex Ilc's employees take pride in their work and are always responsive to their customers' needs. Vortex Ilc's engineering department works closely with their customers to ensure their products are designed for efficient production while keeping costs down.
